

corn HILL
ARTS FESTIVAL
Presented by **ESL Federal Credit Union**

July
9 & 10
2022

Please keep in mind the following when building:

Use natural materials – dry grasses, leaves, sticks, pebbles, shells, bark from a fallen tree, milkweed pods, acorns, berries, gourds, miniature pumpkins, pinecones are a few examples.

All fairy houses must appear to be made entirely of natural components. Hot glue, acrylic spray, natural twine and other man-made items can be used but must be completely concealed by natural elements.

Platforms or man-made support materials should be used for easier delivery and transport, but must be concealed with natural materials when installed on-site.

Houses should be **table top size and portable.**

Maximum dimensions of 3ft wide x 2ft high are strictly enforced. We will accept larger houses but they will not be eligible for prizes as they cannot be easily transported. Please use a sturdy base that can hold up if wet (such as plywood or luan).

Please do not use any items of value in the house as the Corn Hill Neighbors Association, Corn Hill Arts Festival and Fairy Houses Showcase do not take any responsibility for any loss or damage.

The theme of the house may be anything you wish.
